INSIGHTS

CLCs make sure that when you purchase a Check Point product, you are also guaranteeing the best protection for the unique requirements of your organization. At the same time that you purchase Check Point software, appliances, and services, purchase CLCs to take full advantage of your cyber security investments and meet your business goals.

The CLC program ensures that you receive the highest quality of certification training through our Authorized Training Center Partners (ATC), professional services consulting, and crisis incident response by Check Point.

The value of each CLC is \$100 USD and is valid for one year from the purchase date. The CLC redemption rates are different according to the cyber security opportunity.

CLC OPPORTUNITIES

You can redeem CLCs for a wide variety of services. Here are some examples of redemption opportunities for Check Point products and services:

- Certification training courses
- Certification exam vouchers
- Select Professional Services offerings
- Incident Response
- Software Blades training
- Corporate events (CPX)

HOW DO I BUY CLCs?

CLCs help create a one-stop shopping for all your Check Point products and services. Simply include CLCs with purchase orders from your Check Point reseller, or you can simply purchase just a package of CLCs. The CLCs will be added to the User Center account listed on your purchase order.
